1. Technology no longer protected by copyright, available to everyone, is considered to be:

- (A) proprietary
- (B) open
- (C) experimental
- (D) in the public domain
- (E) None of these

2. A typical modern computer uses

- (A) Magnetic cores
- (B) LSI chips
- (C) Magnetic tapes
- (D) More than 1000 vacuum tubes
- (E) None of these

3. ALU is called for _____ of a computer

- (A) Heart
- (B) Master dispatcher
- (C) Primary memory
- (D) All of the above
- (E) None of these

4. A single dimensional array is called

- (A) List
- (B) Subscripts
- (C) Matrix
- (D) File
- (E) None of these

5. How many types of drawing objects are available in drawing Tool Bar ?

- (A) 4
- (B) 5
- (C) 10
- (D) 12
- (E) None of these

6. Data processing is ____

- (A) data collection
- (B) similar to computer programming
- (C) associated with commercial work
- (D) akin to data coding
- (E) None of these

7. In computer terminology, information means

- (A) Raw data
- (B) Data in more useful
- (C) Alphanumeric data
- (D) Program
- (E) None of these

8. What is meant by the term RAM?

- (A) Memory which can only be read

1

(e) bits

24. A digital computer performs its computations by

- (a) mechanical means
- (b) analogy
- (c) guessing
- (d) counting
- (e) None of the above.

25. Binary coded decimal (BCD) numbers express each decimal digit as

- (a) binary digits
- (b) digits and strings
- (c) nibble
- (d) word
- (e) byte

26. The basic operation performed by a computer is

- (a) arithmetic operations
- (b) logic operations
- (c) storage and retrieval operations ../(d) all the above
- (e) None of the above.

27. Who is regarded as the Father of computers?

- (a) Abacus
- (b) John Napier
- (c) Pascal
- (d) Charles Babbage
- (e) Hollerith

28. The analog computer deals directly with

- (a) number or codes
- (b) measured values of continuous physical magnitude
- (c) signals in the form of 0 or 1
- (d) signals in discrete values from 0 to 9

29. Transistor was invented in

- (a) 1945
- (b) 1946
- (c) 1947
- (d) 1948

30. Integrated circuits are classified according to the

- (a) no. of chips
- (b) no. of vacuum tube
- (c) no. of gates
- (d) no. of transistor

31. 1 K bits equals to the

- (a) 1000 bits
- (b) 100 bits
- (c) 1024 bits

100 Computer Quiz Questions Answers

- Q=> A computer system is -
Q=> Ctrl, shift and alt keys are called _____ keys.
Q=> The first computers were programmed using-
Q=> What is an embedded system?
Q=> Analog computer works on the supply of-
Q=> The name of the computer's brain is -
Q=> A keyboard is a kind of device -
Q=> The main circuit-board of the system unit is
Q=> What type of keys are 'ctrl' and 'shift'?
Q=> Which of these is a point-and-draw device ?
Q=> The most widely used input device is the ___

Part - 1

<http://www.bankibps.com/>

- (1) Open shortest path finite protocol
(2) Open shortest path finite protocol
(3) Open slotted path finite protocol
(4) Open slotted path first protocol
(5) None of these

30. Binding the same name to multiple operations whose signatures differ in number or types of arguments?

- (1) Overloading
(2) Origin class
(3) Object model
(4) Package
(5) None of these

31. What is the name of the chip which has more than one processor on it?

- (1) Parallel chip
(2) Multi-processor chip
(3) Transputer
(4) Parallel processor
(5) None of these

32. In windows-

- (1) Docking views may be docked
(2) Docking views may be float
(3) Docking views may be docked or float
(4) All of the above
(5) None of these

33. ____ performs relocations function?

- (1) Absolute loader
(2) Direct linking loader
(3) Relocating loader
(4) Linkage editor
(5) None of these

34. A central computer surrounded by one or more satellite computers is called a-

- (1) Bus network
(2) Ring network
(3) Star network
(4) All of the above
(5) None of these

35. Segmentation –

- (1) is a memory management scheme that supports user view of memory
(2) logical address space is collection of segments
(3) logical address consists of two tuple < segment-number, offset>.
(4) All of the above
(5) None of these

36. Which of the following is a major component of the telephone system?

- (1) Local loop

5

1. The brain of any computer system is
A. ALU
B. Memory
C. CPU
D. Control unit

2. Which part interprets program instructions and initiates control operations.
A. Input
B. Storage unit
C. Logic unit
D. Control unit

3. The binary system uses powers of
A. 2
B. 10
C. 8
D. 16

4. A computer program that converts assembly language to machine language is
A. Compiler
B. Interpreter
C. Assembler
D. Comparator

5. The time required for the fetching and execution of one single machine instruction is
A. Delay time
B. CPU cycle
C. Real time
D. Seek time

6. Binary numbers need more places for counting because
A. They are always big numbers
B. Any no. of 0's can be added in front of them
C. Binary base is small
D. 0's and 1's have to be properly spaced apart

7. The section of the CPU that selects, interprets and sees to the execution of program instructions
A. Memory
B. Register unit
C. Control unit
D. ALU

8. A common boundary between two systems is called
A. Interflection
B. Interface
C. Surface
D. None of the above

9. The examination and changing of single bits or small groups of bits within a word is called
A. Bit
B. Byte
C. Bit manipulation
D. Bit slice

10. Which computer has been designed to be as compact as possible?
A. Mini
B. Super computer
C. Micro computer
D. Mainframe

11. Which method is used to connect a remote computer?
A. Device
B. Dialup
C. Diagnostic
D. Logic circuit

Home Multiple Choice Questions Basic Computer Questions Basic computer knowledge is very crucial in the present time. It is one of the most important sections in almost every competitive exam or online test. We have arranged the basic computer questions that will help you to test your fundamentals. After taking this quiz, you will definitely increase your skills and knowledge about computer systems and its working. Basic Computer Knowledge Questions / Quiz Details Test Name Computer Basic Questions/Quiz Exam Category Multiple Choice Questions Exam Type Online No. of Questions 50 Questions So, check out the list of questions below and start taking this quiz: Here are very useful or selective Basic Computer Questions and Answers for Competitive Exams, from which students can easily increase their performance in computer awareness section. Try to learn these Basic Computer Questions yourself and increase your confidence. These general computer questions asked often in the bank and other competitive exams. So, students should practice these Basic Computer Questions and Answers for Banking Exams. Choose from these blogs for collection of basic computer questions and answers: Basic Computer Questions and Answers: 1. Father of 'C' programming language a. Dennis Ritchie b. Prof Jhon Kemeny c. Thomas Kurtz d. Bill Gates 2. COBOL is widely used in applications a. Commercial b. Scientific c. Space d. Mathematical e. None 3. The device used to carry digital data on analog lines is called as a. Modem b. Multiplexer c. Modulator d. Demodulator e. None 4. SMPS stands for a. Switched mode power supply b. Start mode power supply c. Store mode power supply d. Single mode power supply e. None 5. Information travels between components on the mother board through a. Flash memory b. CMOS c. Bays d. Buses e. Peripherals 6. The 16 bit Microprocessor means that it has a. 16 address lines b. 16 Buses c. 16 Data lines d. 16 routes e. None 7. Best Quality graphics is produced by a. Dot Matrix b. Laser Printer c. Inkjet Printer d. Plotter e. None 8. The lowest form of Computer language is called a. BASIC b. FORTRAN c. Machine Language d. COBOL e. None Ask me in the comment section if you face any problems while solving computer questions. (When a negative date is used When a column is not wide enough When a negative time is used When a negative number is used Basic Computer Knowledge Questions and Answers for exam preparation. Basic Computer Knowledge is one of the most important sections in the entire competitive, Campus and entrance online test. Evaluate your Basic Knowledge of Computer skills by trying the online Computer Knowledge Test and know your score.Nowadays, Computer Knowledge is one of the most important section in all the Competitive, Campus Placement and Entrance exams for Government, Bank and IT Jobs. Fresherslive Computer Knowledge Online Test questions cover all the topics asked in various Exams. This page consists of Computer Knowledge subcategories like Basics, Data structure, Internet, MS Excel, Software, Windows and other sections. Most of the Government and private institutions around the globe seek for professional candidates who are well-versed in computer based technical skills. It is very important for every job seekers to have basic computer knowledge that will help them in getting various Top jobs in different sector. So practice well and utilize our Fresherslive online test resources with free of Cost. In this page, Important Computer Awareness questions which are to be asked in technical aptitude of IBPS PO , MT Exam, Bank PO, Clerk, SBI, RBI, CLAT, CTET and other competitive exams are exposed with correct answer. Most of the students and fresher candidates finding it hard to clear Computer Knowledge section, our questions and test sections will help you to excel in Computer Knowledge. We included all the basics questions to advanced questions with answer and explanation for your clear understanding. More than 100+ Computer Knowledge questions are updated on every section. We provide you the most important Computer questions with efficient answers which you can utilize it for your admiring goals, so that you can easily win in toughest examination. Here are the most oftenly asked Computer knowledge questions in various exams. The Computer knowledge questions test your basic understanding of computer hardware and software including the knowledge on common applications such as internet browsers, word processors, spreadsheets and presentation softwares. These questions will be useful for your practice for TNPSC exams, UPSC exams, state PSC exams, entrance exams, bank exams, NEET exam (National Eligibility and Entrance Test) or any other competitive exams. To help the freshers preparing for competitive exams and placement tests, we facilitate correlative online practice Computer knowledge tests. Each of the Sample Computer Knowledge online test presented in this page consists of around thirty multiple choice objective type questions with answers. After finishing each Sample Test, You can immediately know your score for your continuous practice and progression in free of cost. The time you spent in fresherslive will be the most beneficial one for you. Make use of all the Fresherslive Computer Knowledge resources and Practice well for your Computer Knowledge Test. Try your level best to get a high score. Page 2 FreshersLive - No.1 Job site in India. Here you can find latest 2022 government as well as private job recruitment notifications for different posts vacancies in India. Get top company jobs for both fresher and experienced. Job Seekers can get useful interview tips, resume services & interview Question and answer. Practice online test free which is helpful for interview preparation. Register with us to get latest employment news/jogjar samachar notifications. Also get latest free govt and other sarkari naukri job alerts daily through E-mail. . 55e878cd2e94ff7420c7121e5e8de7bd6af4581a50d9e40e Home Terms & Conditions Contact 2022 © MeritNotes General knowledge has been defined in differential psychology as "culturally valued knowledge communicated by a range of non-specialist media" and encompassing a wide subject range. Studies have found that people who are highly knowledgeable in a particular domain tend to be knowledgeable in many. General knowledge is thought to be supported by long-term semantic memory ability. Why General Knowledge Basic Computer Quiz is Required? In this General Knowledge section you can learn and practice GK Questions with Answers based on "Basic Computer Quiz" to improve your skills in order to face written test by IT companies, interview and various entrance tests like Bank Exams, Railway Exams, ICET, GATE, CAT, GRE, MAT, etc. Where can i get Basic GK questions and answers? All India Exams provides wide variety of topics on Basic Computer Quiz General Knowledge Questions and Answers. These topics are very useful for quiz competitions, entrance tests and many competitive exams. What Topics Covered in Basic Computer Quiz General Knowledge Questions and Answers The following topics are widely covered in All India Exams - Basic Computer Quiz GK Questions and Answers. Apart from these below topics we will be adding more and more topics in regular intervals. So Keep visiting this space. So Keep visiting this space.
